Safe & Well – September 2018

To: All Branches

Dear Colleagues,

Please see September's edition of Safe and Well newsletter with contributions from our USRs and field teams.

There is a continuing focus on Near Misses, an incident a USR has flagged in and was happy to share, a focus on MEWPs (both around GSP role and people demonstrating the controls and also in getting people to consider when they should be using them) and a refresh on the top level ways people can get Health and Safety info.

Yours sincerely

Dave Joyce
National Health, Safety & Environment Officer
