## **TUC Safety Reps Survey 2018**

### **To: All Branches**

Dear Colleagues,

This is the twelfth bi-annual, national TUC survey of Safety Reps which the CWU is fully supporting. The survey is designed to provide the TUC and individual unions with information about who safety reps are, and what their experiences and needs are. The TUC needs this information so that the TUC and Unions like the CWU can do more to help Safety Reps, and so that Safety Reps' views and experiences are better reflected in public policy debates and the work of the Health and Safety Executive.

The TUC will publish the results, and use them to campaign for better safety standards at work (including more rights for Safety Reps).

Your response is crucial to ensuring that this survey provides the information the TUC is seeking. Please answer as many questions as you can - but if they seem irrelevant to your experiences, ignore them. Collating the responses to this survey will be a time-consuming and expensive task, so the TUC cannot enter into correspondence arising from the survey. But the TUC does want to know about any successes you have had in improving health and safety standards.

You have three ways to complete and return the survey. Either:-

- Complete it on-line.
- Complete it and e-mail it electronically.
- Complete it in paper form and post it.
