

# Green Mint Lime Cold Brew Tea Recipe

## METHOD

- Prepare two vessels for brewing
- Infuse all of the weighed loose leaf into 0.5 litre of water
- Sit the infusion aside for 20 minutes
- Take the other 0.5 litre of cold water and decant into your storing vessel with the sliced limes and lime juice
- Store this in the fridge during the brewing time

## INGREDIENTS

(1 LITRE JUG FOR THE WHOLE FAMILY)

**4 limes**  
**(2 sliced/ 4 juiced)**  
**3g Loose Leaf Green**  
**2g Loose Leaf Mint**  
**1 ltr cold filtered water**

**\*For added sweetness add one  
table spoon of agave**  
**(If using tea bags – convert grams to bags)**

# Green Mint Lime Cold Brew Tea Recipe

## METHOD (continued)

- Once tea infusion is ready (you will note that the colour of the liquid will be a light green colour) strain the tea and combine with the lime juice
- This is also great served with ice, as an alternative to lemonade
- For added sweetness you may want to add one table spoon of agave (natural sweetener)
