

## **EXECUTIVE ORDER NO. 1510**

**WHEREAS**, on March 14, 2020, pursuant to the Constitution of the State of Mississippi and Mississippi Code Annotated §33-15-11(b)(17), I issued a Proclamation declaring that a State of Emergency exists in the State of Mississippi as a result of the outbreak of COVID-19; and

**WHEREAS**, on January 31, 2020, the United States Department of Health and Human Services Secretary Alex Azar declared a public health emergency for COVID-19 beginning on January 27, 2020; on March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic; and on March 13, 2020, the President of the United States declared a nationwide state of emergency due to the coronavirus COVID-19 pandemic; and

**WHEREAS**, the worldwide outbreak of COVID-19 and the effects of its extreme risk of person-to-person transmission throughout the United States and Mississippi significantly impact the life and health of our people, as well as the economy of Mississippi; and

**WHEREAS**, the risk of spread of COVID-19 within Mississippi constitutes a public emergency that may result in substantial injury or harm to life, health, and property within Mississippi; and

**WHEREAS**, due to health and safety concerns related to the risk of possible transmission of COVID-19, many businesses within the State of Mississippi have either significantly downsized their staffs in order to adhere to CDC guidelines or have temporarily closed business operations until further notice, leaving many employers and employees without regular work and/or income; and

**WHEREAS**, this public emergency has taken a significant financial toll on countless employers and employees in the state of Mississippi; and

**WHEREAS**, Mississippi is committed to helping the plight of the employers and employees adversely impacted by this emergency; and

**WHEREAS**, Mississippi must protect lives while restoring livelihoods, both of which can be achieved with the expert advice of medical professionals and business leaders; and

**WHEREAS**, a measured and strategic plan to reopen the economy is essential to the health, safety, and well-being of Mississippi residents; and

**WHEREAS**, the Mississippi Department of Employment Security (hereinafter “MDES”) has been continuously working to process an unprecedented number of Unemployment Insurance claims during this time of emergency requiring additional measures to cope with the related economic impact to stabilize and re-energize Mississippi’s workforce; and

**WHEREAS**, on May 28, 2020, I issued Executive Order 1492 establishing the statewide Safe Return order to restart the economy, open all businesses and non-profits operating within the State of Mississippi, and permit the resumption of community activities subject to limitations to minimize person to person interactions and associated risk of transmission of COVID-19 effective 8:00 a.m. on Monday, June 1, 2020, and remaining in full force and effect until 8:00 a.m. on Monday, June 15, 2020; and

**WHEREAS**, the Safe Return instituted in Executive Order 1492, as amended and extended by Executive Orders 1496, 1500, 1505 and 1508 has been extended and remains in full force and effect until 8:00 a.m. on Monday, August 3, 2020, unless it is modified, amended, rescinded, or superseded; and

**WHEREAS**, as businesses increase operations under the Safe Return and the number of Unemployment Insurance claims has begun to decline, there are still measures that remain necessary to continue to address economic stability and energize Mississippi’s workforce:

**NOW, THEREFORE,** I, Tate Reeves, Governor of the State of Mississippi, by the authority vested in me by the Constitution and laws of the State of Mississippi, do hereby order and direct as follows:

1. That this Executive Order replaces and supersedes Executive Order No. 1502.
2. That due to essential efforts in response to the COVID-19 emergency, the one week waiting period established in Miss. Code Ann. §71-5-511(d) would prevent and hinder the expeditious disbursement of vital Unemployment Insurance benefits necessary to cope with the COVID-19 emergency. Accordingly, pursuant to Miss. Code Ann. §33-15-11(c)(1), the one-week waiting period requirement for receiving Unemployment Insurance benefits shall be waived for all claims filed from March 8, 2020, until December 26, 2020. Prior to its expiration on December 26, 2020, MDES has the discretion to reassess this measure and will modify this measure as needed in response to the COVID-19 emergency.
3. That due to essential efforts in response to the COVID-19 emergency, the work search requirements established in Miss. Code Ann. §71-5-511(a)(i) and MDES Regulation 305.02 would prevent and hinder the expeditious disbursement of vital Unemployment Insurance benefits necessary to cope with the COVID-19 emergency. Accordingly, pursuant to Miss. Code Ann. §33-15-11(c)(1), all work search requirements established in Miss. Code Ann. §71-5-511(a)(i) and MDES Regulation 305.02 that normally must be met to be considered eligible for Unemployment Insurance benefits shall be suspended from March 8, 2020, until August 8, 2020. This only applies to work search requirements; all individuals filing for benefits must continue to file weekly certifications with MDES.
4. That due to essential efforts in response to the COVID-19 emergency, strict interpretation of the able to work, available to work, and actively seeking work requirements established in Miss. Code Ann. §71-5-511(c) and MDES Regulation 305.03, as written, would create an undue burden on individuals seeking Unemployment Insurance benefits due to the COVID-19 emergency. Accordingly, pursuant to Miss. Code Ann. §33-15-11(c)(1), the able to work, available to work, and actively seeking work requirements for receiving Unemployment Insurance benefits established in Miss. Code Ann. §71-5-511(c) and MDES Regulation 305.03 shall be reasonably interpreted for claims filed from March 8, 2020, until September 26, 2020, in the case of individuals unable to search for work because of COVID-19, including because of illness, quarantine, or movement restriction.
5. That due to essential efforts in response to the COVID-19 emergency, the Forty Dollar (\$40.00) earning allowance established in Miss. Code Ann. §§ 71-5-11(Q)(1), 71-5-505, and MDES Regulation 313, will be increased to Two Hundred Dollars (\$200.00). Accordingly, pursuant to Miss. Code Ann. §33-15-11(c)(1), the Forty Dollar (\$40.00) earning allowance shall be increased to Two Hundred Dollars (\$200.00), from May 3, 2020, until September 26, 2020.
6. That as the swift return of all employees to the workplace is of vital importance, it is incumbent to remind all Mississippi employers, that pursuant to Section 71-355 (2) (b)(ii) and MDES Regulation 321, an employer must notify MDES in writing within ten (10) days from the date they receive a refusal of an offer of suitable employment. The notice must contain the date and details of the refusal.
7. That in order for MDES to receive emergency administrative grants under Section 903(h)(2)(A) of the Social Security Act, all employers are required to provide notification of the availability of unemployment compensation to each employee individually at the time of separation of employment.
8. That due to essential efforts in response to the COVID-19 emergency, the statutorily imposed requirement that MDES determine unemployment eligibility based on the reason for separation for all employers in the base period forward, set forth in Miss. Code Ann. § 71-5-513, would hinder the expeditious disbursement of vital unemployment insurance benefits needed to cope with the COVID-19 emergency. Accordingly, pursuant to Miss. Code Ann. § 33-15-11 (c)(1), MDES will determine unemployment insurance benefits eligibility based on separation from the employee's most recent employer, for claims filed from March 8, 2020, until September

26, 2020. Eligibility for unemployment insurance benefits will not be affected for those currently off work due to the COVID-19 emergency by prior job separations that come to the attention of MDES based upon claims filed between March 8, 2020 and September 26, 2020.

9. That any waivers granted by the United States Congress related to the COVID-19 emergency may be adopted and implemented by the State of Mississippi. Moreover, MDES has the express authority to actively seek any waivers that it deems necessary to serve the people of Mississippi in response to the COVID-19 emergency.
10. That the Mississippi Department of Employment Security shall have the authority and discretion to interpret and apply its laws in order to effectuate the measures set forth herein and be empowered with the administrative flexibility to carry out this Executive Order pursuant to Miss. Code Ann. §§ 33-13-31 and 71-5-115.
11. That all departments, commissions, agencies, institutions, and boards of the State of Mississippi, political subdivisions thereof, counties, municipalities and school districts are authorized and directed to cooperate in actions and measures taken in response to COVID-19 during the State of Emergency.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.

DONE in the City of Jackson, on the \_\_\_\_ day of July, in the year of our Lord, two thousand and twenty, and of the Independence of the United States of America, the two hundred and forty-fifth.

TATE REEVES  
GOVERNOR

BY THE GOVERNOR

MICHAEL WATSON  
SECRETARY OF STATE
